

AMERICA/CANADA - "For a Better World": video clip of the PMS for the missionary month of October

Montreal (Agenzia Fides) - On the occasion of the missionary month of October, which will culminate on World Mission Day, the Pontifical Mission Societies of the French-speaking Canada put a new video clip online which lasts one minute, produced by the Pontifical Society for the Propagation of the Faith, which is entitled "Pour un monde meilleur." The video presents a rapid succession of situations in various places in the world that illustrate the commitment of the missionaries in the evangelization and human promotion.
