

AMERICA/URUGUAY - The family at the center of missionary October

Montevideo (Agenzia Fides) - With the slogan "Missionary Uruguay share your faith. Go, build, confess", even Uruguay prepares to celebrate, on 19 and 20 October, World Mission Day. The Pontifical Mission Societies (PMS) of Uruguay sent to Fides Agency information about subsidies and other material prepared to live the missionary month.

As in other Latin American countries, every week of October has a specific theme to work on, one reflects and there is a commitment to live the missionary mandate. In Uruguay during the first week all communities reflected on the theme "The journey of faith of the missionary families", the second week 's theme is "Building in faith with the families of the community", the third week, "What does to confess the faith mean" and the fourth week: "The family, the environment 's primary mission".

Just for the preparation and the celebration of World Mission Day, the PMS of Uruguay have completely renewed their website, where one can also download the "Boletin Digital" and can follow the different activities of missionary groups through video. (CE) (Agenzia Fides 07/10/2013)
