

## **AFRICA/SOUTH SUDAN - 20 Cuamm health operators continue to provide assistance**

Yirol (Agenzia Fides) - In spite of the tensions following the attempted coup in South Sudan, the NGO Doctors with Africa Cuamm, present in the Country with 20 expatriated operators, are following with concern the evolution of the instability. In a statement released by Cuamm, the local representative of the NGO states that: "because of planned activities on the territory all Cuamm operators are now in the hospitals in Yirol and Lui respectively 250 and 200 kilometers from Juba, information regarding the situation in the capital that we receive are fragmented and rapidly evolving, but the picture is worrying. Local authorities with whom we work closely with report that there are troop movements between Western Equatoria, Lakes State and Juba". The clashes are consequences of political conflicts. All the teams continue to ensure health care in hospitals especially towards the most vulnerable. (AP) (Agenzia Fides 18/12/2013)
